

## Recent news about Brother Antonio López Nieto in Vanuatu

Brother **ANTONIO LÓPEZ GARCÍA NIETO** is well, and **so are his confreres in community on the Island of TANNA (VANUATU)**. News we received with joy and peace after so many hours of incertitude and waiting; news that was communicated by a Brother in Oceania.

*Brother Antonio's family communicated the following message : « We went through enduring days without being able to communicate with him even if we were aware of the difficulties. However, we never lost hope.*

As believers, we want to thank God for all of these good people in different places in the world, like Antonio, so close and so willing to help, giving their lives for those who have less.

Sincere gratitude to all those who already collaborate and are sending help to Vanuatu at this moment; thank you to all who have assured us of their support with affection and prayer.

The Brothers of the Sacred Heart and the Corazonistas Foundation corroborate the words of the family and wish to thank everyone : family, the media, friends of the « Corazonistas »-Brothers of the Sacred Heart... for their show of proximity and affection. Today, for his family and the Brothers it is great news to learn that Antonio is alive. It's the greatest news.

*Encouraged by a few words Brother Antonio often uses himself : « To be a missionary is not a path of roses; but it is a joyous one ». We can see this through his smile.*

We have a long way to go on the road of rebuilding because the material damage is considerable; we will however tackle it with hope.
